Track Cylinder

The Vanilla track cylinder features a clean aluminum body and simple design. The track cylinder has deep LED shielding ideal for high visual comfort. This helps to control glare and maintain a quiet appearance in any space or setting its installed. The fixture comes standard in black or white finishes. The Vanilla track cylinder features optimal adjustability, tiltable pass 90° and can be rotated 360. The Vanilla track cylinder has three size options small, medium and large. Compatible with stucchi track standard. Optics are field swappable between the spot (15°), narrow flood (24°) and flood (36°) optics provided. It also features a clean beam edge suitable for lighting retail and hospitality applications.
