### Vanilla Projector

This versatile and highly customizable projector lighting solution will improve the ambiance of your space. The fixture features adjustable angles to easily reach specified shooting. It offers a gobo pattern accessory ideal for creating patterns or dappled light for any projector needs. Gobo not included. Compatible with 30 MM gobos only.

The zoomable beam angles are available from 25° to 40°. Different mounting options include: track mount and surface mount. Plus, with adjustable shutters that can create different shapes like round, square, triangle, and trapezoid, you can easily customize your lighting to suit your needs.
