BRASS ADJUSTABLE CYLINDER

BRASS ADJUSTABLE CYLINDER

The Vanilla Brass Adjustable Cylinder features a clean machined body which showcases the quality of it's craftsmanship. The cylinder provides high visual comfort thanks to the deep inch regress of the LED-engine. This helps to control glare and maintain a quiet elegance in any space or setting it's installed. The fixture has a brass swivel stem for optimal adjustability, this allows the fixture to be tilt able 90° and Rotated 359°.

The Vanilla Brass Adjustable Cylinder is provided with a 4 inch stem standard. The fixture is mounted to a minimal backplate 2.5 inches in diameter. Optics and LED Engines are field swappable between the (20°) (26°) (36°) and 2700K, 3000K, and Warm Dim. It also features a clean beam edge suitable for lighting high quality residential and hospitality spaces.

PERFORMANCE

	STATIC WHITE LED		WARM DIM LED
